INDIA FOLDING CARTON

Unboxing multiple business opportunities

India Folding Carton is a specially designed event to cater to the needs of folding carton industry. The show is a perfect destination to bring the best solutions under spotlight involved in the process from manufacturers to dealers of pre-press equipment, carton making machinery, printing machinery and post-print equipment. India Folding carton is carefully adapted to the rapidly changing market scenario and to offer a unique platform for exhibitors to meet top end-users of folding carton boxes and manufacturers of folding cartons.

Top visitor profile includes rigid carton manufacturers, paper bag manufacturers and other users. India Folding Carton is a focal point attracting over 6000 trade professionals from all across the world under a single roof.

Key drivers of folding carton market growth in a 'New Sustainable World'

Global folding carton packaging market is projected to reach USD 173.53 Billion by 2026, growing at a CAGR of 4.8% and is one of the most used eco-friendly packaging solution.

Folding carton market is on the rise due to key factors such as labelling, smart packaging and increasing demand of pharma products in populous countries like India and China.

Paper packaging market is expected to reach a value of USD 100.86 billion by 2024, as per market research report driven by key factors such as sustainability and recyclability.
