ICCMA: The Trusted Partner Shaping Corrugated Packaging with IndiaCorr Expo

As a key partner of IndiaCorr Expo, the Indian Corrugated Case Manufacturers Association (ICCMA) plays a pivotal role in advancing India's corrugated packaging industry. Since its establishment in 2009, ICCMA has united over 200 members and represents 40% of India's total production capacity. The association works closely with the Government of India to address industry challenges, promote innovation, and drive sustainable packaging practices.

Jointly organized by ICCMA and RXI (Reed Exhibitions India), the annual ICCMA Congress is a flagship networking event for the corrugated packaging industry. Welcoming over 550 participants each year, the Congress serves as a focused platform for corrugators and technology providers to connect, share insights, and explore groundbreaking innovations. With its targeted approach, ICCMA Congress continues to drive collaboration and growth within the industry.

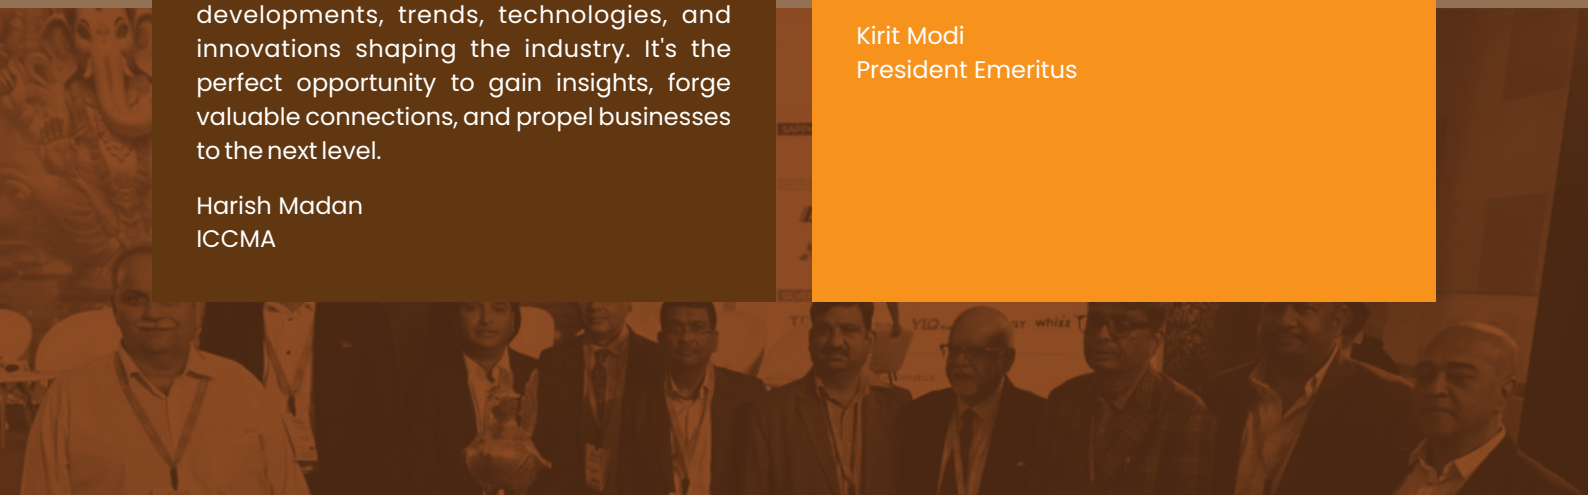

Our collaboration with the Reed Group began in 2013 and has been a rewarding journey ever since. While they excel in managing the exhibition, we focus on curating conference content tailored to the industry's evolving needs. Together, we've built a platform that delivers value to all stakeholders, and we look forward to taking this partnership to even greater heights. We encourage both exhibitors, visitors & delegates to join the upcoming show to experience the latest developments, trends, technologies, and innovations shaping the industry. It's the perfect opportunity to gain insights, forge valuable connections, and propel businesses to the next level.
